

Extended Protection Plans for New and Pre-Owned Vehicles

Extended Protection you can count on from Old Republic Insured Automotive Services, Inc. (ORIAS)

Your vehicle is a major investment. Next to your home, it is probably the biggest investment you may ever make. That is why purchasing mechanical breakdown protection from Old Republic Insured Automotive Services is a wise choice. An Old Republic Extended Protection Plan can help ensure that the investment in your vehicle is protected, and reduces the possibility of out-of-pocket expenses that arise from mechanical and electrical repairs that occur when your vehicle suffers an unexpected mechanical failure.

We have developed our new vehicle programs to complement your vehicle's factory warranty and the way you drive. You can choose from three levels of time and mileage options that best suit your driving habits. Recent trends indicate consumers are keeping their vehicles longer and driving more each year on the average, which often leaves them unprotected after the factory warranty has expired. Old Republic Extended Protection Plans offer new vehicle programs for up to 7 years and 100,000 miles.

Our programs for pre-owned vehicles provide the option of selecting from four levels of coverage... from our *Bronze Plan*, which provides basic powertrain protection, to our *Gold Plan* that covers almost every mechanical and electrical component of your vehicle. Select the coverage that provides you with the most peace of mind.
